Washington, D.C. 20549

### **FORM 8-K**

CURRENT REPORT PURSUANT TO SECTION 13 OR 15(d) **OF THE SECURITIES EXCHANGE ACT OF 1934** 

Date of Report (Date of earliest event reported): May 22, 2018

## FIRST HAWAIIAN, INC.

(Exact Name of Registrant as Specified in Its Charter)

Delaware (State or Other Jurisdiction of Incorporation)

001-14585 (Commission File Number)

999 Bishop St., 29th Floor Honolulu, Hawaii (Address of Principal Executive Offices)

99-0156159 (IRS Employer Identification No.)

> 96813 (Zip Code)

(808) 525-7000 (Registrant's Telephone Number, Including Area Code)

Not Applicable

(Former Name or Former Address, if Changed Since Last Report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425) 0

Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12) 0

Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b)) 0

Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c)) 0

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

#### Emerging growth company o

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. o

#### Item 7.01 **Regulation FD Disclosure.**

First Hawaiian, Inc. (the "Company"), the holding company for First Hawaiian Bank, is furnishing with this Current Report on Form 8-K a copy of an investor presentation that it intends to use for any investor meetings or related interactions during the month of May in fiscal year 2018. A copy of the presentation also will be posted to the Company's website (www.fhb.com) in the Investor Relations section.

Pursuant to Regulation FD, the presentation materials are furnished as Exhibit 99.1. The information in this Item 7.01 and Exhibit 99.1 shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities under that Section, and shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act except as expressly set forth by specific reference in such a filing.

### DISCLAIMER

#### Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as "may," "might," "should," "could," "predict," "potential," "believe," "expect," "continue," "will," "anticipate," "contemplate," "seek," "estimate," "intend," "plan," "target," "project," "would," "annualized" and "outlook," or the negative version of those words or other comparable words or phrases of a future or forward-looking nature. These forward-looking statements are not historical facts and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions, estimates and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. For a discussion of some of the risks and important factors that could affect our future results and financial condition, see our U.S. Securities and Exchange Commission ("SEC") filings, including, but not limited to, our Annual Report on Form 10-K for the year ended December 31, 2017. Except as required by law, we assume no obligation to update these forward-looking statements or to update the reasons why actual results could differ materially from those anticipated in the forward-looking statements or to update the reasons why actual results could differ materially from those anticipated

#### Use of Non-GAAP Financial Measures

The information provided herein includes certain non-GAAP financial measures. We believe that these non-GAAP financial measures provide useful information about our operating results and enhance the overall understanding of our past performance and future performance. Although these non-GAAP financial measures are frequently used by stakeholders in the evaluation of a company, they have limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results or financial condition as reported under GAAP. Investors should consider our performance and financial condition as reported under GAAP and all other relevant information when assessing our performance or financial condition. The reconciliation of such measures to the comparable GAAP figures are included in the appendix of this presentation.

#### Other

- References to "we," "us," "our," "FHI," "FHB," "Company," and "First Hawaiian" refer to First Hawaiian, Inc. and its consolidated subsidiaries.
- Where appropriate, certain quarterly financial ratios are presented herein on an annualized basis.

# BNP PARIBAS REDUCES ITS STAKE IN FIRST HAWAIIAN TO LESS THAN 50%

#### BNP Paribas Sold ~12% Ownership In First Hawaiian on May 10, 2018

BNP Paribas ("BNPP") sold 15.3mm common shares of First Hawaiian in an underwritten public offering with a
public reoffer price of \$27.75

Concurrent with the offering, First Hawaiian completed a repurchase of ~3.0mm shares at an aggregate

Overview & Highlights

# Purchase price of ~\$81.8mm As a result of the offering and repurchase, BNPP's stake in First Hawaiian was reduced from 61.9% to 49.9%<sup>(1)</sup>

- · First Hawaiian neither issued shares in connection with the offering nor received any proceeds
- · BNPP entered into a 90-day lock-up agreement in connection with the offering

#### NASDAQ Corporate Governance Requirements and Other Implications

- · Federal Reserve's capital plan requirements associated with BNPP will remain applicable to FHI
- FHI no longer qualifies for the NASDAQ "controlled company" exemption and must now comply with various independence standards
- Implications of the BNPP Sell-Down
- A majority of the FHI board of directors will be independent by May 10, 2019
- Both the compensation committee and the corporate governance and nomination committee will consist solely of independent directors by May 10, 2019
  - Within 90 days of May 10, 2018, both committees will consist of a majority of independent directors
- · Potential inclusion into additional equity indices

Source: Public filings, NASDAQ

10 Underwriters have the option to purchase up to an additional 1.5mm shares - which would further reduce BNPP's ownership to 48.8%

### + Dividends

- Since its IPO, First Hawaiian has returned \$184mm to investors in the form of dividends or the equivalent of a ~5.7% cash-dividend return<sup>(1)</sup>
- Over that time, the quarterly dividend has increased twice (+20%) to \$0.24 per quarter and we expect to be able to continue to increase our dividend as our earnings grow

### + Repurchase

 First Hawaiian repurchased ~3mm shares for an aggregate purchase price of ~\$81.8mm concurrent with BNPP's recent public offering on May 10, 2018

### = Total Capital Distribution

- Inclusive of the share repurchase, First Hawaiian has returned ~\$266mm, or ~86% of earnings, to shareholders since IPO and \$115mm year-to-date
- The addition of share repurchases to First Hawaiian's capital return policy further emphasizes our commitment to return meaningful amounts of earnings to investors over time<sup>(2)</sup>

Source: Public filings

Calculated as the aggregate dividends per share since IPO divided by the IPO price.
 Dividends and share repurchases are subject to approval of FH's board of directors, future capital needs and regulatory approvals

income. Reconciliation of the components of our core efficiency ratio to comparable GAAP measures are provided in the appendix. 20

Hawaii banks experience more favorable deposit behavior across all rate cycles; Hawaii banks experienced a deposit beta<sup>(1)</sup> of ~34% vs. ~47% for broader U.S. banks during the last rising rate cycle

Source: SNL Financial and the Federal Reserve website

<sup>(1)</sup> Deposit beta is defined as the change in deposit costs as a percentage of the change in Fed Funds over a particular period. Deposit cost uses starting point (2Q04) to peak (3Q07); one quarter lag.
<sup>(2)</sup> Includes First Hawaiian, Bank of Hawaii, American Savings, Central Pacific, Territorial Bancorp, Hawaii National. 1Q18 cost of deposits based on public company reported information. 1Q18

excludes private companies and undisclosed public company information.
<sup>(3)</sup> Includes all U.S. bank holding companies excluding Hawaii-based banks. 1Q18 cost of deposits based on public company reported information. 1Q18 excludes private companies and undisclosed public company information.

### GAAP TO NON-GAAP RECONCILIATION

We present net interest income, noninterest income, noninterest expense, net income, earnings per share and the related ratios described below, on an adjusted, or "core," basis, each a non-GAAP financial measure. These core measures exclude from the corresponding GAAP measure the impact of certain items that we do not believe are representative of our financial results. We believe that the presentation of these non-GAAP financial measures helps identify underlying trends in our business from period to period that could otherwise be distorted by the effect of certain expenses, gains and other items included in our operating results.

Core net interest margin, core return on average total assets and core return on average total stockholders' equity are non-GAAP financial measures. We compute our core net interest margin as the ratio of core net interest income to average earning assets. We compute our core return on average total assets as the ratio of core net income to average total assets. We compute our core return on average total assets. We compute our core return on average total assets. We compute our core net income to average stockholders' equity.

Core efficiency ratio is a non-GAAP financial measure. We compute our core efficiency ratio as the ratio of core noninterest expense to the sum of core net interest income and core noninterest income.

Return on average tangible stockholders' equity, core return on average tangible stockholders' equity, return on average tangible assets, core return on average tangible assets and tangible assets and tangible stockholders' equity to tangible assets are non-GAAP financial measures. We compute our return on average tangible stockholders' equity as the ratio of net income to average tangible stockholders' equity, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our core return on average tangible stockholders' equity as the ratio of core net income to average total stockholders' equity. We compute our core return on average tangible stockholders' equity as the ratio of core net income to average total stockholders' equity. We compute our core return on average tangible stockholders' equity, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our average tangible assets as the ratio of net income to average tangible assets, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our return on average tangible assets as the ratio of net income to average tangible assets, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total assets. We compute our core return on average tangible assets as the ratio of core net income to average tangible assets. We compute our tangible assets. We compute our core return on average tangible assets as the ratio of core net income to average tangible assets. We compute our tangible stockholders' equity to tangible assets as the ratio of tangible assets. We calculate by subtracting (and thereby effectively excluding) amounts related to our goodwill.

We believe that these core measures provide useful information about our operating results and enhance the overall understanding of our past performance and future performance. Although these non-GAAP financial measures are frequently used by stakeholders in the evaluation of a company, they have limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results or financial condition as reported under GAAP. Investors should consider our performance and financial condition as reported under GAAP and all other relevant information when assessing our performance or financial condition.

The following tables provide a reconciliation of these non-GAAP financial measures with their most closely related GAAP measures.

Note: (1) (2) (3) (4) (5) Totals may not sum due to rounding. Noninterest income and expenses prior to 2017 have been revised from the amounts previously reported to reflect the reclassifications described in the footnote to Table 1 of the fourth quarter 2017 earnings release. Adjustments that are not material to our financial results have not been presented for certain periods. Other adjustments include a one-time MasterCard signing bonus and a recovery of an investment that was previously written down. Includes salaries and benefits starmning from the 2017 tax reform bill and non-recurring public company transition costs. Represents the adjustments to net income, tax effected at the Company's effective tax rate, exclusive of one-time tax reform bill expense, for the respective period.
