

First Hawaiian, Inc. Reports Fourth Quarter 2024 Financial Results and Declares Dividend

January 31, 2025 at 8:00 AM EST

HONOLULU, Jan. 31, 2025 (GLOBE NEWSWIRE) -- First Hawaiian, Inc. (NASDAQ:FHB), ("First Hawaiian" or the "Company") today reported financial results for its quarter ended December 31, 2024.

"I'm pleased to report that we finished 2024 with a very strong quarter that was highlighted by good performance across our key earnings drivers. Our loan and deposit balances grew, net interest margin expanded, expenses were well controlled and credit quality remained excellent. We also maintained our commitment to supporting our communities with a \$1 million contribution to the First Hawaiian Foundation," said Bob Harrison, Chairman, President, and CEO. "During the fourth quarter we took action to strengthen our balance sheet and increase our future earnings power by restructuring a portion of our investment portfolio. This action, along with the positive trends we saw in the fourth quarter, positions us very well entering 2025."

On January 29, 2025, the Company's Board of Directors declared a quarterly cash dividend of \$0.26 per share. The dividend will be payable on February 28, 2025, to stockholders of record at the close of business on February 14, 2025.

Additionally, the Company's Board of Directors adopted a stock repurchase program for up to \$100.0 million of its outstanding common stock during 2025.

Fourth Quarter 2024 Highlights:

- Restructured a portion of the investment portfolio by selling \$290.4 million of low-yielding investment securities and reinvested the sale proceeds into \$291.5 million of higher-yielding securities. Recognized a \$26.2 million pre-tax (\$19.2 million after-tax) loss on the sale of securities.
- Net income of \$52.5 million, or \$0.41 per diluted share
- Total loans and leases increased \$166.9 million versus prior quarter
- Total deposits increased \$94.5 million versus prior quarter
- Net interest margin increased 8 basis points to 3.03%
- Recorded a \$0.8 million negative provision for credit losses
- Board of Directors declared a quarterly dividend of \$0.26 per share

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as "may", "might", "should", "could", "predict", "potential", "believe", "expect", "continue", "will", "anticipate", "seek", "estimate", "intend", "plan", "projection", "would", "annualized" and "outlook", or the negative version of those words or other comparable words or phrases of a future or forward-looking nature. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions, estimates and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, there can be no assurance that actual results will not prove to be materially different from the results expressed or implied by the forward-looking statements. A number of important factors could cause actual results or performance to differ materially from the forward-looking statements, including (without limitation) the risks and uncertainties associated with the domestic and global economic environment and capital market conditions and other risk factors. For a discussion of some of these risks and important factors that could affect our future results and financial condition, see our U.S. Securities and Exchange Commission ("SEC") filings, including, but not limited to, our Annual Report on Form 10-K for the year ended December 31, 2023 and our Quarterly Report on Form 10-Q for the quarters ended March 31, 2024, June 30, 2024 and September 30, 2024.

Use of Non-GAAP Financial Measures

Return on average tangible assets, return on average tangible stockholders' equity, tangible book value per share and tangible stockholders' equity to tangible assets are non-GAAP financial measures. We believe that these measurements are useful for investors, regulators, management and others to evaluate financial performance and capital adequacy relative to other financial institutions. Although these non-GAAP financial measures are frequently used by stakeholders in the evaluation of a company, they have limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results or financial condition as reported under GAAP. Investors should consider our performance and capital adequacy as reported under GAAP and all other relevant information when assessing our performance and capital adequacy.

Table 14 at the end of this document provides a reconciliation of these non-GAAP financial measures with their most directly comparable GAAP measures.

(2) Return on average tangible assets, return on average tangible stockholders' equity, tangible book value per share and tangible stockholders' equity to tangible assets are non-GAAP financial measures. We compute our return on average tangible assets as the ratio of net income to average tangible assets, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total assets. We compute our return on average tangible stockholders' equity as the ratio of net income to average tangible stockholders' equity, which is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our average total stockholders' equity. We compute our tangible book value per share as the ratio of tangible stockholders' equity to outstanding shares. Tangible stockholders' equity is calculated by subtracting (and thereby effectively excluding) amounts related to the effect of goodwill from our total stockholders' equity. We compute our tangible stockholders' equity to tangible assets as the ratio of tangible stockholders' equity to tangible assets, each of which we calculate by subtracting (and thereby effectively excluding) the value of our goodwill. For a reconciliation to the most directly comparable GAAP financial measure, see Table 14, GAAP to Non-GAAP Reconciliation.
