First Hawaiian, Inc. Announces Increase in Stock Repurchase Program

Honolulu, Hawaii August 9, 2019 — First Hawaiian, Inc. (NASDAQ: FHB) (the “Company”), the parent company of First Hawaiian Bank, announced today that the Company’s Board of Directors has approved a \$50 million increase in its stock repurchase program to up to \$150 million of its outstanding common stock during 2019. The Company had completed approximately \$40 million of stock repurchases through June 30, 2019, leaving a remaining authorization of \$110 million for 2019.

The Company recently sold approximately \$400 million in shared national credits at a weighted average price of 99.7%, and an estimated loss of \$1.2 million. The Company will use the proceeds from these sales to reduce its balance of public time deposits and to fund the additional \$50 million of stock repurchases. The Company estimates these actions will be neutral to earnings per share while maintaining capital ratios near current levels.

Repurchases of shares of the Company’s common stock may be conducted through open market purchases, which may include purchases under a trading plan adopted pursuant to Securities and Exchange Commission Rule 10b5-1, or through privately negotiated transactions. The timing and exact amount of any share repurchases will be subject to various factors, including the Company’s capital position and financial performance, as well as market conditions.
