REPORT OF INDEPENDENT ACCOUNTANTS

To the Qualified Account Balance Plans Committee
of BancWest Corporation

In our opinion, the accompanying statements of net assets available for plan benefits present fairly, in all material respects, the financial position of the BancWest Corporation Future Plan (the "Plan") at December 31, 1999 and 1998, and the related statements of changes in net assets available for plan benefits for each of the years then ended, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 1999 has been presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BANCWEST CORPORATION FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the BancWest Corporation (the "Company") Future Plan (the "Plan") have been prepared in conformity with generally accepted accounting principles. The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation in the fair value of investments which consists of realized gains (losses) and unrealized appreciation (depreciation) on those investments.

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

FUTURE PLAN STRUCTURE

In May 1997, the Company appointed Putnam Fiduciary Trust Company ("Putnam") as recordkeeper and Trustee of the Plan. Participants in the Plan have the option of directing the Trustee to invest their portion of the annual Company contribution or reallocate their entire Plan account to any one of the following funds: Putnam Voyager Fund, Putnam Income Fund, Putnam Stable Value Fund, Putnam Vista Fund, BancWest Corporation Stock Fund, Putnam International Growth Fund, Putnam S&P 500 Index Fund, Putnam Asset Allocation - Conservative Portfolio, Putnam Asset Allocation - Balanced Portfolio, Putnam Asset Allocation - Growth Portfolio, Putnam New Opportunities Fund, Putnam Growth and Income Fund, Bishop Street Equity Fund and Bishop Street High Grade Income Fund.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in securities traded on national securities exchanges are valued at the last reported sales price on the last business day of the year.

Security transactions are accounted for on a trade-date basis. The cost of investments sold is determined by the specific identification method.

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

2. DESCRIPTION OF PLAN

The Plan is a defined contribution plan established to cover the employees of substantially all subsidiaries of the Company, except for the California-based employees of Bank of the West, a wholly-owned subsidiary of BancWest Corporation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The principal provisions under the Plan are as follows:

PARTICIPATION:	Employees who receive from the Company or certain subsidiaries a regular stated compensation other than a pension, severance pay, retainer or fee under contract are eligible under the Plan. Eligible employees become members on the first day of the month coinciding with or following the completion of one year of service in which the employee worked 1,000 hours and attained age 21 or the date the employee becomes eligible.
VESTING OF BENEFITS:	100% after five years of service. Full vesting is provided in case of a member's death, retirement or disability regardless of years of service. If the lump-sum present value of accrued benefits is \$5,000 or less, a lump-sum payment of these benefits is paid.

BANCWEST CORPORATION FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

CONTRIBUTIONS - COMPANY: 4.5% of member's pay up to the social security taxable wage base (approximately \$72,600 in 1999) plus 9% of member's pay over the social security taxable wage base. Additional contributions shall be made between 1996-2002 for certain eligible employees in an amount equal to the percentage of a member's compensation for such plan year as follows:

Age Plus Credited Service as of December 31, 1995 -----	Additional Participating Employer Contribution -----
60-61	2%
62-63	3%
64-66	4%
67-69	5%
70+	6%

CONTRIBUTIONS - PARTICIPANTS: None.

LOANS FROM MEMBER ACCOUNTS: Not available.

TREATMENT OF FORFEITURES: Forfeitures are applied to reduce future contributions and administrative expenses of the Company. Forfeitures applied to reduce contributions and administrative expenses of the Company amounted to \$78,138 and \$84,933 in 1999 and 1998, respectively.

BENEFIT PAYMENTS: After the applicable benefit condition is met, employees may elect to receive their benefits in a lump-sum distribution or as an annuity.

PLAN TERMINATION: In the event the Plan terminates, all amounts credited to affected members' accounts shall become fully vested and nonforfeitable and each member or the beneficiary of any member shall be entitled to receive his entire interest in the Plan.

GENDER: The masculine pronoun, whenever used herein, includes the feminine pronoun.

3. INVESTMENT PROGRAMS

The funds listed below were the investment options available to Plan participants as of December 31, 1999 and 1998. Any of these funds may be held in cash, pending investment or distribution.

(a) PUTNAM VOYAGER FUND

The objective of this fund is to provide maximum growth through a two-part strategy. Holdings are generally split between two types of common stocks: foundation stocks and opportunity stocks. Foundation stocks represent small to medium-sized companies with the potential for above-average sales and earnings growth. Opportunity stocks represent larger, well-established companies that show near-term growth potential generally resulting from some change in the company's business plan or competitive environment.

(b) PUTNAM STABLE VALUE FUND

The objective of this fund is to provide stability of principal while earning a competitive rate of return. This fund invests in guaranteed investment contracts ("GICs") or similar contracts issued by insurance companies, banks and other financial institutions. Investments are made only in companies that receive high credit ratings from the major rating agencies.

(c) PUTNAM VISTA FUND

The objective of this fund is to create long-term capital appreciation through investing primarily in mid-cap growth stocks. This fund invests primarily in common stocks of medium-sized companies with equity market capitalizations from \$300 million to \$5 billion.

(d) BANCWEST CORPORATION STOCK FUND

This fund consists of that portion of the assets of the Plan that participants have elected to have invested, to the extent possible, in shares of common stock of BancWest Corporation. The portion of this fund not invested in shares will be held in cash or cash equivalent investments pending the purchase of shares.

(e) PUTNAM INTERNATIONAL GROWTH FUND

The objective of this fund is to create long-term capital appreciation by investing in a diversified portfolio of equity securities of companies located in a country other than the United States. The fund's investments will normally include common stocks, preferred stocks, securities convertible into common or preferred stocks, and warrants to purchase common or preferred stocks.

BANCWEST CORPORATION FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

(f) PUTNAM S&P 500 INDEX FUND

The objective of this fund is to closely approximate the return of the Standard & Poor's 500 Composite Stock Price Index. The fund primarily invests in publicly traded common stocks either directly or through collective investment trusts having a similar investment objective.

(g) PUTNAM ASSET ALLOCATION FUNDS

The Putnam Asset Allocation Funds provide different investment objectives based on asset allocation. Common stocks are normally the main type of the fund's equity investments. However, the fund may also purchase preferred stocks, convertible securities, warrants and other equity-type securities. The fund invests its assets allocated to the fixed income securities in a diversified portfolio including both U.S. and foreign government obligations and corporate obligations. The following three investment portfolios are provided:

CONSERVATIVE PORTFOLIO

The objective of this fund is to provide long-term preservation of capital by investing 35% of the Plan assets in equity securities and 65% of the Plan assets in fixed income securities.

BALANCED PORTFOLIO

The objective of this fund is to maximize total return by investing 65% of the Plan assets in equity securities and 35% of the Plan assets in fixed income securities.

GROWTH PORTFOLIO

The objective of this fund is to provide long-term capital appreciation by investing 80% of the Plan assets in equity securities and 20% of the Plan assets in fixed income securities.

(h) PUTNAM NEW OPPORTUNITIES FUND

The objective of this fund is to provide long-term capital appreciation by investing principally in common stocks of companies that possess above-average long-term growth potential. Current dividend income is only an incidental consideration. At present, Putnam has identified the following sectors of the economy as having an above-average growth potential over the next three to five years: personal communications, media/entertainment, medical technology/cost-containment, environmental services, applied/advanced technology, personal financial services, and value-oriented consuming.

BANCWEST CORPORATION FUTURE PLAN

NOTES TO FINANCIAL STATEMENTS

Beginning on July 1, 1999, the Plan also made the following investment options available to Plan participants:

- (i) **PUTNAM GROWTH AND INCOME FUND**
The objective of this fund is to provide capital growth and current income by investing primarily in common stocks that offer the potential for capital growth while also providing current income.
- (j) **BISHOP STREET EQUITY FUND**
The objective of this fund is to provide returns consistent with the performance of the U.S. stock market, as generally measured by broad U.S. stock market indices such as the S&P 500. The fund primarily invests in common stocks and other equity securities that have potential for capital appreciation, including convertible securities. The Bishop Street Equity Fund receives investment advisory services from First Hawaiian Bank (a wholly-owned subsidiary of BancWest Corporation).
- (k) **BISHOP STREET HIGH GRADE INCOME FUND**
The objective of this fund is to provide high current income. This fund primarily invests in high grade U.S. dollar-denominated debt obligations of domestic corporations and the U.S. Government. This fund replaced the Putnam Income Fund as an investment option available to Plan participants. The Bishop Street High Grade Income Fund receives investment advisory services from First Hawaiian Bank.

5. TAX STATUS

The Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from Federal income taxes under the provisions of Section 501(a).

The Plan was amended, effective January 1, 1997, to incorporate the Small Business Protection Act of 1996. The Plan's management received an updated tax determination letter from the Internal Revenue Service in 1997. Although amended since 1997, management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.
